

Under 12 year old nights at The Haven

After observing the change in dynamics of the cohort of kids attending the Haven, and as the result of requests, the management team decided to offer an exclusive night for 12-15 year olds.

The Friday night 12-15 years program includes in-house activities and programs – movies, Mythbusters activities where science is explored through every day experiences, and Minute to Win It competitions. A partnership with Multicultural Arts Victoria sees an Open Mic night for young musicians, particularly those from a multicultural background express their passion for music and singing.

The 12-15 year old program is led by the youth Leadership group, young people who have demonstrated the capacity to step up. The Leadership Team design and facilitate each Friday afternoon/evening session.
